

CIVIL ENGINEER/PROJECT MANAGER

Sewall is a full-service engineering, survey, GIS, and forestry consulting firm in its 141st year of business. Headquartered in Old Town with offices in Yarmouth and Caribou, Maine, we provide professional services to a wide variety of private- and public-sector clients throughout the United States. Currently we have an opening for a Civil Engineer/Project Manager. This is an opportunity for the right candidate to be a part of a dynamic, high performing team with a reputation for knowledgeable, quality service and long-term client relationships.

The successful candidate will have the following skills and experience:

- BS degree in Civil Engineering
- 10-15 years engineering experience preferred
- Professional Engineer - licensed in Maine or with the ability to gain a Maine license within 6 months.
- Experience managing design projects including roads/highways, commercial development sites, and subdivisions. Extensive experience in stormwater modelling, permitting, and regulatory issues is preferred.
- Proficient in business development, proposal writing, client interaction, and scope/budget & schedule preparation.
- Comfortable leading small teams to execute projects.
- Working knowledge of HydroCAD, AutoCAD Civil 3D, Microstation/Inroads, and Microsoft Office.
- Position requires occasional travel.

We offer a competitive salary and a comprehensive benefits package.

Interested candidates should submit a cover letter and a resume outlining experience and credentials to Rachel.Foley@sewall.com. If you need assistance or an accommodation during the application process because of a disability, please contact Rachel Foley, Human Resources, at (207) 817-5475.

Sewall is an Equal Employment/Affirmative Action Employer.
