

CIVIL STAFF ENGINEER

Sewall is a full-service civil engineering, survey, geospatial, and forestry consulting firm in its 143rd year of business. Headquartered in Bangor, ME, with offices in Portland, ME, and Portsmouth, NH, we provide professional services to a wide variety of private- and public-sector clients throughout the United States. Currently we have an opening for a Civil Staff Engineer. This is an opportunity for the right candidate to be a part of a dynamic, high performing team with a reputation for knowledgeable, quality service and long-term client relationships.

The successful candidate will have the following skills and experience:

- BS degree in Civil Engineering
- 2+ years engineering experience preferred
- Engineer-Intern certification
- Working knowledge of AutoCAD Civil 3D, Microstation/Inroads, Microsoft Office, and HydroCAD preferred
- Experience with design of roads/highways, commercial development sites, subdivisions, stormwater modeling, permitting, and regulatory issues
- Other desired experience includes document quality control, quantity take offs and cost estimating, and field construction observation
- Position requires occasional travel

We offer a competitive salary and a comprehensive benefits package.

Interested candidates should submit a cover letter and a resume outlining experience and credentials to Rachel.Foley@sewall.com. If you need assistance or an accommodation during the application process because of a disability, please contact Rachel Foley, Human Resources, at (207) 817-5475.

Sewall is an Equal Employment/Affirmative Action Employer.
