

## CIVIL PROJECT ENGINEER

Sewall is a full-service engineering, survey, GIS, and natural resources consulting firm in its 144<sup>th</sup> year of business. Headquartered in Bangor, ME, with offices in Portland, ME, and Caribou, ME, Sewall provides professional services to a wide variety of private- and public-sector clients throughout the United States. Currently we have an opening for a Civil Project Engineer. This is an opportunity for the right candidate to be a part of a dynamic, high performing team with a reputation for knowledgeable, quality service and long-term client relationships.

The successful candidate will have the following skills and experience:

- BS degree in Civil Engineering or related field
- 4-8 years' engineering experience preferred
- Professional Engineer - licensed in Maine or with the ability to gain a Maine license within 1 year
- Experience designing projects including roads/highways, renewable (solar/wind) sites, commercial development sites, and subdivisions. Experience in stormwater modeling and regulatory permitting preferred
- Proficient in client interaction with ability to maintain project schedules and budgets
- Experienced in business development, proposal writing, and scope/budget & schedule preparation
- Comfortable participating in teams to execute projects
- Working knowledge of AutoCAD Civil 3D, HydroCAD, and Microsoft Office
- Position requires occasional travel

We offer a competitive salary and a comprehensive benefits package.

Interested candidates should submit a cover letter and a resume outlining experience and credentials to [Rachel.Foley@sewall.com](mailto:Rachel.Foley@sewall.com). If you need assistance or an accommodation during the application process because of a disability, please contact Rachel Foley, Human Resources, at (207) 817-5475.

Sewall is an Equal Employment/Affirmative Action Employer.
