

CIVIL STAFF ENGINEER

Sewall is a full-service engineering, survey, GIS, and natural resources consulting firm in its 144th year of business. Headquartered in Bangor, ME, with offices in Portland, ME, and Caribou, ME, Sewall provides professional services to a wide variety of private- and public-sector clients throughout the United States. Currently we have an opening for a Civil Staff Engineer. This is an opportunity for the right candidate to be a part of a dynamic, high performing team with a reputation for knowledgeable, quality service and long-term client relationships.

The successful candidate will have the following skills and experience:

- BS degree in Civil Engineering or related field
- 2+ years engineering experience preferred
- Engineer-Intern certification or with ability to gain certification in 1 year
- Working knowledge of AutoCAD Civil 3D and HydroCAD preferred
- Experience with design of roads/highways, commercial development sites, subdivisions, stormwater modelling, permitting, and regulatory issues
- Other desired experience includes document quality control, quantity take-offs and cost estimating, and field construction observation
- Position requires occasional travel

We offer a competitive salary and a comprehensive benefits package.

Interested candidates should submit a cover letter and a resume outlining experience and credentials to Rachel.Foley@sewall.com. If you need assistance or an accommodation during the application process because of a disability, please contact Rachel Foley, Human Resources, at (207) 817-5475.

Sewall is an Equal Employment/Affirmative Action Employer.
