

CIVIL ENGINEER/PROJECT MANAGER

Sewall is a full-service engineering, survey, GIS, and natural resources consulting firm in its 145th year of business. Headquartered in Bangor, ME, with offices in Portland, ME, we provide professional services to a wide variety of private- and public-sector clients throughout the United States. Currently we have an opening for a Civil Engineer/Project Manager. This is an opportunity for the right candidate to be a part of a dynamic, high performing team with a reputation for knowledgeable, quality service and long-term client relationships.

The successful candidate will have the following skills and experience:

- ◆ BS degree in Civil Engineering or related field
- ◆ 10-15 years' engineering experience preferred
- ◆ Professional Engineer - licensed in Maine or with the ability to gain a Maine license within 6 months
- ◆ Experience managing design projects including roads/highways, renewable (solar/wind) sites, commercial development sites, and subdivisions. Extensive experience in stormwater modeling, permitting, and regulatory issues preferred.
- ◆ Proficient in business development, proposal writing, client interaction, and scope/budget & schedule preparation
- ◆ Comfortable leading teams to execute projects
- ◆ Working knowledge of AutoCAD Civil 3D, HydroCAD, and Microsoft Office
- ◆ Position requires occasional travel

We offer a competitive salary and a comprehensive benefits package.

Interested candidates should submit a cover letter and a resume outlining experience and credentials to Rachel.Foley@sewall.com. If you need assistance or an accommodation during the application process because of a disability, please contact Rachel Foley, Human Resources, at (207) 817-5475.

Sewall is an Equal Employment/Affirmative Action Employer.
